Product : Greentech Fuel Saver

CERTIFICATION

Greentech fuel efficiency technology has been tested after installing in the following units:

- one (1) unit of Diesel Engine truck for long haulages
- one (1) unit of Concrete Mixer truck for intercity delivery

We are pleased to inform you that the product has met our expectations and we are satisfied with the results. The devices after installation have resulted in a saving of 10% fuel usage and we plan to install this device in total fleet system phase-wise in the near future.

Yours truly,
For **Universal Concrete Products Ltd. Co. (UNIMIX) LLC,**
